

## Water, Fire, Mold Damage Technician

We are looking for field technicians to handle water, fire, smoke, mold emergencies for commercial and residential properties.

Our company is on-call 24-7 to respond to our customers' and clients' emergency services needs.

Palace Construction is looking for technicians who have good communication skills and present a well-groomed appearance. We prefer people who have prior restoration and construction experience.

### Job duties:

- Respond to water, smoke, fire, mold damage emergencies.
- Remove water using truck-mounted units and specialty tools.
- Evaluate affected surfaces using moisture detection tools.
- Protect personal property and/or remove from affected area.
- Install drying equipment using air movers, dehumidifiers, heating applications, specialty drying tools.
- Capture data necessary to document the loss including surface readings and atmospheric readings.
- Diagram the loss with detailed and accurate measurements.
- Document all activities on the loss with notes, recordings, and photographs.

### Schedule:

- Must participate in rotating emergency on-call assignments. All Technicians are all on-call.
- Technicians called into work after hours are paid a bonus + time worked.
- Overtime work will frequently be required.
- This is a physical and challenging position.

We provide cell phone, uniforms, personal protective equipment, tools and industry training.

### Requirements:

- Palace is a Drug Free Workplace - *Urine test required*
- Background check will be conducted
- Valid Driver's License
- Positive attitude

### About Palace

Palace Construction has been building structures and relationships of integrity throughout the Rocky Mountain region since 1963. Committed to Building Better Lives, we assist clients in all areas of commercial and residential construction. Our integrated approach focuses on solving our client's challenges by developing a strategic preconstruction plan to meet budgetary and time constraints, and delivering a high-quality outcome.
